Dear Mr. Cathriner:

On August 11, 2011, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Norgasco's Public Awareness Program procedures in Anchorage, Alaska. As a result of the inspection, Norgasco was issued a Notice of Amendment on August 25, 2011, which proposed amendment of your procedures.

Norgasco submitted its amended procedures on October 17, 2011. PHMSA has reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dennis Hinnah  
Deputy Director, Western Region  
Pipeline and Hazardous Materials Safety Administration
